THE SALVATION ARMY

On Friday, March the 4th, at the Coleman opera house, the Salvation Army are putting on a young people's programme. This will take the form of a musical evening, consisting of vocal and instrumental talent, marches by the children, fan drills, and a tableaux entitled "The Way of Life," and others. Prizes will be awarded.

On Saturday, March the 5th, Commandant W. H. Carrol, late chaplain of the forces O.B.E. overseas, will start a campaign which will last till the 14th. Meetings will be held in the Coleman opera house each night, and the commandant will talk on the following subjects:

"It is true that millions now living will never die?"

"Jerusalem before and after the war?"

"Is the soldier's story of the Angel of Mons true?"

"Ramsay MacDonald's plea."

"Evolution or Revolution, which?"

"Are we in the last day?"

"What does Lloyd George mean, Christ for crisis?"

"Can a man walk with God in Coleman?"

EASTERN STAR WHIST DRIVE POSTPONED

The whist drive to be given by the members of Viny Chapter, Order of Eastern Star, announced for last night, was postponed on account of the big hockey game and will be held on Monday night next instead.

All whist patrons should bear this in mind and return the compliment by turning out in full force on Monday night.

J. A. Smith, inspector of high schools, is in Blairmore this week. Today, in company with members of the school board, a general review of the school is being made.

Stavely's new hotel, the Yukon, opened its doors to the public on Wednesday last, under the management of Lou Parr. The new hostelry has twenty-two guest rooms and dining room.

British Columbia is leading the western provinces in aiding the cause of education through the distribution of free text books to public school pupils, according to information laid before the legislature by Hon. J. D. MacLean, minister of education for B.C. The minister stated that British Columbia was spending \$70,000 annually on free text books, as against \$40,000 spent by Alberta and \$60,000 by Saskatchewan.

BLAIRMORE JUNIORS ENTER PROVINCIAL FINALS

Through eliminating Edmonton "Navy" team in a hard fought game at the local arena last night, the Blairmore Juniors were acclaimed champions of "B" division of the junior section of Alberta amateur hockey, and elected to clash with the Calgary Canadians, the world champions, in home-and-home play for the junior provincial championship.

The ice last night was in fairly good condition and eight hundred fans were treated to the fastest, best and cleanest exhibition of the game ever witnessed here.

"Doc" Barbour, of Bellevue, handled the game in a capable and satisfactory manner, very few penalties being necessary.

The first period resulted in no score, and at the finish of the third the score stood a tie, 2-2. In the first five minutes of overtime, the score remained unchanged, but Blairmore led the net twice and Edmonton matched another count in the last five minutes, leaving Blairmore the big end of the 4 to 3 score.

The Calgary Canadians arrived this morning and the game tonight promises to be exciting. Judging by the turnout last night, the big arena should be packed for tonight's game. Both teams leave for Calgary after the game tonight, where the second and final round for the province will be played Friday night.

W. H. CHAPPELL RE-ELECTED CHAIRMAN OF SCHOOL BOARD

The first regular meeting of the school board for 1927 took place in the secretary's office on Friday night last, full board being present.

Mr. W. B. Chappell was on motion re-elected chairman.

The minutes of previous regular meeting were adopted as read and a number of accounts were passed for payment.

Secretary was instructed to write Miss Hall, asking reasons why she was off duty for several days during the month without leave or explanation.

Cheques were received from Miss E. M. Fulton, of a former teaching staff, covering amounts held in trust by her in connection with cadet and Christmas Tree funds. These were accepted and regularly disbursed.

Report of the principal was received and filed.

Mr. James Naylor was re-appointed secretary-treasurer; Mr. John Spence as trustee officer, and Mr. E. D. Bateman as auditor for the year. The lease of the secretary's office was on motion renewed for another two years.

TRUE BILL AGAINST MRS. MARGARET McRAE

True bills against Mrs. Jean Bowers and Mrs. Margaret McRae, charged in connection with the deaths in Victoria last November of Frederick La Marr and A. F. McRae, respectively, were returned by the grand jury at the opening session of the spring sittings at Victoria on Tuesday. Both women were charged with murder, but hearing evidence against Mrs. Bowers, the jury returned a verdict of no bill and she was then charged with manslaughter, on which count her case will be tried.

La Marr was stabbed to death on November 14th, and McRae shot and killed three days later. The unusual calmness displayed by Mrs. McRae, following the death of her husband, whom she accused of an attachment for a girl who had worked in their home, has attracted widespread attention, and at least half the spectators in the court on Tuesday were women.

Mr. and Mrs. McRae were former residents of Blairmore.

MOOSEHEART LEGION TO STAGE ANOTHER DANCE

The dance held under the auspices of Blairmore Chapter of the Women of Mooseheart Legion in the Moose Hall on Friday night last was well music.

attended and a thorough success.

The next of their series of dances will take place on the night of Friday, March the 11th, at which Mrs. Altmatt's orchestra will furnish music.

Gives Concert From Airplane

Singer in Machine 4,000 Feet Up Uses New Device

In flight approximately 4,000 feet above the street, John Charles Thomas, concert baritone, sang operatic arias to an audience in Columbus Circle, New York. In the first official test of the "Voice of the Sky," a secret sound-producing and amplifying device which makes possible direct vocal communication between aircraft and any one on the ground.

Mr. Thomas sat snugly in a cabin-like plane, singing and talking into this newly perfected amplifier of the Plane Speaker Corporation of Philadelphia, while his audience stood shivering in the frigid blast below.

Despite the fact that the plane was bucking of a 40-mile breeze, and despite the din of street traffic, the melodies were heard distinctly by the crowds on the sidewalks.

"Hello, New York," came down from the sky in stentorian tones. Then to further demonstrate the amplifier, Mr. Thomas while circling briefly, addressed his ground audience.

Leaders in the aircraft industry witnessed the demonstration. Major General John F. O'Rourke, president of the Colonial Air Transport Company of New York, one of whose planes was used in the test, said he believed the "Voice of the Sky" would be of great value in commercial aviation.

"With this device installed in places on our New York-Boston route, and on the proposed New York-Chicago route," he said, "it will be possible to communicate with the towns and cities over which they pass, as 'No mail today for Sandusky,' or similar special messages from the air."

"CASCARETS" FOR COSTIVE BOWELS, HEADACHE, COLDS

To-night! Clean your bowels and stop headache, colds, sour stomach

Get a 10-cent box now. Turn the rascals out—the headache, biliousness, indigestion, the sick, sour stomach and bad cold—turn them out tonight and keep them out with Cascarets.

Millions of men and women take a Cascaret now and then and never know the misery caused by a lazy liver, clogged bowels, or an upset stomach.

Don't put in another day out of control. Let Cascarets cleanse your stomach; remove the sour, fermenting food; take the excess bile from your liver and cast out all the constipated waste matter and poison in the bowels. Then you will feel great. A Cascaret tonight straightens you out by morning. They work while you sleep. A 10-cent box from any druggist will give you a clear head, sweet stomach and clean healthy liver and bowel action for months. Children take Cascarets because they never grip or sicken.

Old Locomotive in Museum
One of the world's oldest locomotives, long famous in England as the Hutton Colliery locomotive, has come to rest at last in a railway museum in York, after a triumphant tour of exhibitions. This veteran, in many respects resembling the world's first passenger engine, Locomotive No. 1, was built in 1825, rebuilt in 1857, and again in 1882.

B.C. Depending on Prairies

Their Development Means Greater Advancement for Coast Province. British Columbia is greatly concerned in the peopling and development of the prairie provinces, according to General A. D. McLean, M.P. for North Vancouver.

"In the progress of the prairie provinces," Gen. McLean said, "lies our own great chance to go ahead. We are fully aware of the importance of obtaining Alberta's wheat for shipment through the port of Vancouver."

He thought the time was not far distant when prairie cattle would find their way as fresh meat via the Panama Canal to the British market. Both fruit and meat would soon be shipped by this route; he said, as the result of the introduction of a new and efficient cooling system on Pacific transports.

"I realize the gravity of the situation," said Sir Isaac Newton as the falling apple hit him on the head.

SUNDAY SCHOOL LESSON

MARCH 6

SHARING THE GOOD NEWS

Golden Text: Ye shall be My witnesses.—Acts 1:8.
Lesson: Acts 8:4-8; 2 Corinthians 5:14-20.

Devotional Reading: Isaiah 55:1-7.

Explanations and Comments

1. Sharing the Good News in Samaria, Acts 8:4-8.—Persecution followed the martyrdom of Stephen, and the disciples were forced to flee from Jerusalem—they were scattered abroad. They did not think that the responsibility of witnessing for Christ rested upon the leaders alone, and the entire rank and file went about preaching the word.

Philip, one of "The Seven," who became known as Philip the Evangelist because of the success of his ministry (Acts 21:1-9), went down to the city of Samaria. The Jews had no dealings with the Samaritans, but their Lord's last command (Acts 1:8) bade them witness for him in Samaria. To overcome their prejudice against the Samaritans, the followers of Jesus needed only to go to Samaria and preach to them.

If you are prejudiced against any one, do him a good deed.

The Samaritans, like the Jews, were looking for the Christ; Philip made known to them the fact that he had already come. Philip probably felt the realization of the greatness of the movement he was witnessing when he went down to the city of Samaria and proclaimed unto them the Christ. He found the fields white unto harvest; the people accepted his good tidings concerning the Kingdom of God and were baptized. There was great joy among them when many with unclean spirits, the palsied and the lame, were healed.

"It follows as the night the day that a church with a real personal contact with God cannot keep still about it."

The Bolero Dress is Smart

This bolero dress is decidedly smart, yet quite easily fashioned. The skirt is inverted pleats in the front and is joined to a front bodice, while the back is in one piece. A bolero is attached at the side seams and falls in graceful folds in front, and the long sleeves are gathered to wristbands. A wide girdle fastens with a buckle in front. Contrasting material is effectively used for the shaped collar and bodice front over which the bolero opens. No. 1476 is in sizes 34, 36, 38, 40 and 42 inches bust. Size 36 requires 3 1/2 yards 38-inch material, or 2 1/2 yards 44-inch, and 3/4 yard 36-inch contrasting. Price 20 cents the pattern.

The garments illustrated in our new Fashion Book are advance styles for the home dressmaker, and the woman or girl who desires to wear garments depending for taste, simplicity and economy will find her desires fulfilled in our patterns. Price of the book 10 cents the copy.

Announcement to RED ROSE TEA Enthusiasts

CENTURIES ago, when tea was first introduced to the English Nobility, the precious leaves—then almost priceless—were packed in sealed lead containers.

For many generations lead continued to be used as a protective package for all fine quality teas. Then the modern metal, Aluminum, was introduced. But during war-time and later, paper bags and paper boxes were largely used and have held sway ever since.

In our 30 years experience putting up Red Rose Tea we have used all these containers and each has some particular merit.

But careful tests over a long period prove that Aluminum is by far the best container that has yet been found, and paper packages of every kind the poorest. When in contact with dampness paper absorbs moisture which soon affects the quality of the tea, and in some instances completely spoils it.

Having found the paper package unreliable and uncertain, we have again adopted the Aluminum package which we used years ago. For we know now that Aluminum can be better depended upon than any other.

Unlike paper, Aluminum does not absorb moisture. It preserves all the original flavor and strength. So now and in the future Red Rose Tea will be packed in the Aluminum package, as it was in years gone by.

Airplanes Will Be Used

To Convey Representatives to Imperial Mining Conference Into Manitoba Area

Representatives of leading mining operators in the British Empire and United States will be taken into the Central Manitoba mining area by airplane when the Empire Mining conference visits Winnipeg next September, if present plans materialize. A local committee, including representatives from all organizations interested in mining, is working to get the necessary planes from the Ontario and Dominion Governments.

The Mining and Metallurgical Congress will meet in Montreal next August, and in the six weeks following, delegates will visit mining fields throughout the Dominion. Members of the ten institutions that compose the congress reside in 79 countries and already 600 reservations have been made by delegates from 18 countries.

Establishes Home for Blind

Former Jewish Immigrant Afflicted

Himself Aids Fellow-Sufferers

Sheffield Needleman, stricken blind while travelling to America as an immigrant 23 years ago, is awaiting the opening on April 1 of the Home of the American Jewish Association for the Blind, his contribution to sightless people of his race. After being detained at Ellis Island until his father posted a bond against the possibility of his becoming a public charge, Needleman began selling papers at the age of 15. With the money saved from newspaper peddling he founded a printing company in 1912. Eleven years later he began planning construction of the home.

His stay while a boy at the Industrial Home for the Blind in Brooklyn, where he would not eat food prepared there, prompted the idea of an orthodox Jewish institution for the sightless.

Expect Cheaper Cars

Canadians are to purchase their motor cars a little cheaper as a result of the 20 per cent. reduction on sales tax rates in the Federal budget. It was computed in automobile circles that following the tax reductions the retail price of the majority of cars will shortly be reduced from about \$5 to \$15, or approximately the cost of the automobile license. The sales tax on motor cars is charged on the actual cost to the local dealer, or the duty paid value plus freight and excise tax.

Eclipse of the Moon

Five Eclipses of the Moon and Sun Will Be Seen This Year

Two eclipses of the moon and three of the sun, as well as the return of several periodic comets are among the astronomical events slated for 1927, says Popular Mechanics Magazine. Of the eclipses, only one will attract much attention! It occurs on June 29 and will be visible in England and early in the morning, the first eclipse seen there for two centuries. June 15, an eclipse of the moon will be witnessed throughout the United States and Canada at 3:13 a.m., eastern standard time; the moon will be completely hidden by the shadow of the earth. The other eclipse of the moon takes place in December, but will not be visible here.

THE RAVAGES OF CANCER

The full extent of the ravages of the disease is only realized when it is considered in relation to the deaths from other causes, and the public are probably unaware that while in the past twenty years statistics show a substantial reduction in the general death rate, in infantile mortality, and in the deaths due to tuberculosis, the death rate from cancer has actually increased by 20 per cent. And yet there never was a time when more people were being cured of cancer by surgical skill or when more attention was devoted to research into the mystery of its cause and methods of treatment.—*Glasgow Herald.*

CANADA'S DIAMOND JUBILEE

Canadian people as a whole are certainly in favor of celebrating the Diamond Jubilee of Confederation. On the one hand a widely disseminated form of ceremonial, but a committee representative of all classes of the community may reasonably be expected to devise some method acceptable to the great majority.

The government has done well in inaugurating legislation, to provide funds and to form such a committee to make the official celebration worthy of the occasion.

Efforts should be made, and that without too long delay, to make the celebration general throughout the length and breadth of the Dominion.

Schools should be specially instructed to give earnest attention to the matter, and some sort of popular memento of the celebration might well be sought for and furnished in cheap, durable form.

Canada cannot afford to let slip such an opportunity as this sixtieth anniversary affords of developing a strong national spirit—the finest asset any country can possess!—*Family Herald and Weekly Star.*

CONFEDERATION—A PRIZE ESSAY COMPETITION

The provincial chapter of the Imperial Order Daughters of the Empire announces an essay competition to boys and girls attending public schools of the province of Alberta.

The competition for this essay, "Confederation," marking its Diamond Jubilee, will be divided into two classes—the first class, Grades IX and X, the second class, Grades VII and VIII. Three prizes will be given for each class, consisting of \$25 for the best essay, \$15 for the second and \$10 for the third.

The following rules govern the competition:

1. In the first class, Grades IX and X, the essay shall not be longer than five thousand words and not shorter than two thousand five hundred; and in the second class, Grades VII and VIII, not longer than four thousand five hundred and not shorter than two thousand four hundred.
2. The subject of the essay shall be "Confederation, Its History and Effects on the Development of Canada up to July 1st, 1927."
3. The essays are to be clearly written on only one side of the paper, with a margin of at least two inches. The name of the Competitor is to be written at the end of the essay, with the name of his or her school and a statement that the essay is the unaided work of the competitor; also a statement from the teacher, giving the grade of the competitor.
4. In judging essays, manner as well as matter will be considered. The essays must be grammatically constructed, correctly punctuated and written in clear and simple English.
5. The essays are to be sent, not later than April 30th, 1927, to the Provincial Secretary, Mrs. J. C. Noel, 316 4th Avenue West, Calgary, Alberta.

FLAPPER HAS QUIT BOBBING HER HAIR SAY HAIRDRESSERS

Philadelphia, Feb. 28.—"If you want to be a flapper, don't bob your hair," Miss Clara Miller, secretary of the Philadelphia Hairdressers' Association, told members of the organization meeting here today. "No young person nowadays would think of bobbing her hair."

"Since women of mature years have adopted the bob, the younger generation won't have anything to do with it. They are letting their hair grow and other women who want to look youthful will have to do the same thing."

"Transformations" of a few years ago are coming in again, it was learned.

"These devices," Miss Miller said "are largely to help the older generation, anxious to follow the mode set by their daughters, to get away from their own inartistic bobs until their hair grows again."

MAMMOTH LOADING DOCK

A unique loading dock which will more than triple the present capacity of rail shipment of completed automobiles is being constructed at Oakville, Ontario, by General Motors of Canada, Limited.

The huge dock, which will cost \$60,000 and eclipse anything of its kind in the Dominion, is the unit of the corporation's \$800,000 expansion and improvement programme now nearing completion. When it is placed in service the present daily loading capacity of 114 automobiles will be increased to 450.

The base of the dock will be an enormous block of solid concrete, 40 feet wide by 500 feet long, poured in sections of approximately 100 feet each. The great length of the dock will permit 26 freight cars to be "spotted" for loading at one time on two railroad tracks which have already been laid, one on each side of the dock foundation. The freight cars will be moved by electric locomotives. For the convenience of the loading crews, numerous electric plugs will be installed along both sides of the dock. Electric cords, bearing high-powered bulbs, may be attached to the nearest plug and carried into the cars to illuminate the work of loading, clearing and bracing of the automobiles.

The dock will be protected by a corrugated iron roof, with numerous skylights, which is to be supported on structural steel columns. These columns also will carry electric lights for use in dark weather or night loading. Company executives say that the new facilities will load three complete changes of freight cars during one working day, or a total of 78 freight cars. It is planned also to retain the present loading dock, which has a daily capacity of about 36 box cars. Each car holds an average of four automobiles.

The automobiles with gasoline in their vacuum tanks sufficient only for the short run from the assembly lines will be driven up a 10-degree ramp at the west end of the new dock. The radiator water will be drained off by slightly depressed channels in the dock. The automobiles then will be rolled aboard by hand. The project will be completed about the middle of March.

In order to expedite equally the delivery of "drive away" automobiles, the company recently completed a \$25,000 building especially designed for that purpose. It is of steel and concrete construction with a parking floor 40 by 120 feet, open along its entire south side. In addition to the 40-foot floor under roof, and additional 40 feet of concrete extends along the open side to provide reserve parking space for "drive away" cars during fair weather. A wide ramp extends down to the highway. At the east end of the building is an electrically-heated waiting-room for the convenience of drivers.

"With the early completion of the new railroad dock, General Motors of Canada, Limited, will possess both 'drive away' and rail shipping facilities of a quality unsurpassed by any automobile company in the world," declared General Manager Gordon Lefebvre.

WHERE WOMEN GROW UGLY

Women's faces are mutilated into ugliness in Africa, as a sort of theft insurance. E. Captain, just back from the Congo, tells of the mutilation customs in the Sara-Djinge country. He also has pictures showing the development of a hole pierced in the lips of girls and dilated through the years until old age. The wooden discs worn in these orifices were sometimes seven inches in diameter. He says the practice originated in an effort to make the women unattractive so they would not be carried off for slaves.

RETAIL MERCHANTS IN CONVENTION AT CALGARY

The following were among important resolutions passed by the Alberta Retail Merchants' Association in session in Calgary last week:

That a provincial wide section of meat dealers be formed as a branch of the Alberta Retail Merchants' Association, and that the Calgary organization be invited to enroll its members in it, continuing at the same time to function as a local already constituted, was the prayer of a resolution passed at a meeting of the meat dealers.

Another resolution asked the provincial government to enact legislation providing for the licensing of persons selling meat direct from the stockyards and elsewhere. It was claimed that such meat was often inferior, and that it was detrimental to the retail merchants' business.

Another asked the provincial government, to appoint a commissioner to supervise the sale of meats in retail stores.

Further resolutions asked that only those legitimate retail dealers conforming to the sanitary regulations of the province be permitted to sell fresh or cured meat or fish; that present butchers' and hide dealers' licenses be raised to \$25, and that if possible southern delegates meet at a northern conference on March 1st to be addressed by the deputy minister of agriculture.

FIVE RESULTS FROM ADVERTISING

A manufacturer gives the following five results of advertising:

"1. It builds for him strong and permanent markets—markets that suffer less in depression, markets that are more independent of the whims of distributors, markets that have their strongest hold on younger buyers and hence markets that will endure.

"2. It sets a requirement of quality production for himself and his employees, and hence tends to improve and to standardize the quality of his product.

"3. It raises a flag about which all can rally. Hence it promotes harmony and increases the loyalty of employees toward the company. Especially it stimulates the enthusiasm of the sales force and gives them courage in the face of hard competition.

"4. It wins for him distribution with live and growing merchants, the kind of merchants that endure in a period of depression.

"5. It wins for him that national recognition of merit to which the producer of good merchandise is entitled."

THE GREAT "I AM"

I am more powerful than the combined armies of the world.

I have destroyed more men than all the wars of the nations.

I am more deadly than bullets, and I find victims among the rich and poor alike, the young and old, the strong and weak. Widows and orphans know me.

I loom up to such proportions that I cast my shadow over every field of labor, from the turning of the grindstone to the moving of every train.

I massacre thousands upon thousands of wage-earners every year.

I lurk in unseen places, and do most of my work silently. You are warned against me, but you heed not.

I am relentless.

I am everywhere—in the house, on the streets, in the factory, at railroad crossing, and on the sea.

I bring you sickness, degradation and death, and yet few seek to avoid me.

I destroy, crush or maim; I give nothing, but take all.

I am your worst enemy.

I am Carelessness.—Ex.

COWLEY HAPPENINGS

Ralph Easterbrook, of Calgary, was a recent visitor here.

Mr. and Mrs. Kerr are receiving congratulations on the birth of a son.

Rev. Dr. J. T. Ferguson filled the church pulpit here on Sunday afternoon.

V. Sanderson is erecting an aladdin house on his ranch near the North Fork River.

Mrs. Powell, accompanied by her two small daughters, Linda and Jodie, has gone to England for an extended visit.

At the municipal election held on Saturday, the 26th February, James Bennett was re-elected councillor, having a majority of six votes over his opponent, J. W. Fortier.

The executive of the Alberta Wheat Pool held a public meeting at Cowley on Saturday, the 26th. Prospects are bright for the Pool and a favorable impression was made on non-members.

A St. Patrick's dance will be held in Tustian's hall on Friday night, March the 18th, under the auspices of the Women's Institute. The Elks' Blendwell orchestra will be in attendance. Plans are going forward to make this the banner dance of the season.

A very pleasant evening was spent on Wednesday at a whist drive. A good crowd turned out. The prize winners were as follows: Ladies' first, Mrs. Doyle; second, Mrs. James Irwin; consolation, Mrs. A. Betts. Gents' first, Fred Snyder; second, Dick Alexander; consolation, John Dewar.

A very interesting meeting of the Women's Institute was held at the home of Mrs. M. A. Murphy on Thursday night. Considerable business was transacted, with several subjects coming up for discussion. The next monthly meeting of this order will be held at the home of Mrs. Fred Tustian the fourth Tuesday in March.

At a meeting of the Cowley Village Council held on Friday night, it was decided to gravel the main street at both ends, work to be done before spring. The council's by-law covering six o'clock closing of stores, passed its first reading. The Wednesday afternoon closing by-law was made to cover implement dealers and blacksmith shops.

A TOAST TO LAUGHTER

Here's to laughter, the sunshine of the soul, the happiness of the heart, the leaven of youth, the privilege of purity, the echo of innocence, the treasure of the humble, the cup of pleasure; it dispels dejection, banishes blues, and mangles melancholy, for it's the foe to woe, the destroyer of depression, the enemy of grief; it is why kings envy the peasant, plutocrats envy the poor, the guilty envy the innocent; it's the sheen on the silver of smiles, the ripple on the water's delight, the glint of gold of gladness; without it humor would be dumb, wit would wither, dimples would disappear, and smiles would shrivel; for it's the glow of a clean conscience, the voice of a pure soul, the birth cry of mirth, the awan song of gladness.—The Log.

NO ABSOLUTION FOR SHORT SKIRT WEARERS

Bordeaux, Feb. 28.—To go to confession at the cathedral in Bordeaux in future, Catholic women must observe the following rules:

Their necks, arms and knees must be covered.

Girls of 15 or under must wear skirts sufficiently long to prevent any occasions of immodesty.

"We forbid priests to administer the sacrament or to hear confessions unless these rules are followed," said Cardinal Andrieu, Archbishop of the Bordeaux diocese, in giving his warning to Catholic women.

THE PASS FIFTEEN YEARS AGO

(Blairmore Enterprise, 1912)

January 4.—Blairmore seniors defeated Coleman ten to seven in a fast game played on the local rink on Wednesday night. Following were the lineups: Blairmore—Lyon, Lewis, Shera, Turner, Goddard, Horton and Baker. Coleman—Holmes, Higgins, Easton, Hogan, Graham, Jenkins and Hatfield.

The members of Summit Lodge, Coleman, and Sentinel Lodge, Frank, of the A. F. & A. M., held a joint soiree in the hall at Coleman on Wednesday night, when the officers of Summit Lodge were installed as follows: W.M., Alex. M. Morrison; S.W., Edmund Disney; J.W., Dr. J. H. Ross; treasurer, Alex. Cameron; secretary, W. L. Quimette; S.D., Levi Fletcher; J.D., Thomas Leynum; S.S., W. Hayson; J.S.H. G. Goodeve; Tyler, Dave Roberts. Officers were installed by Alex. Cameron, assisted by W. L. Quimette.

Eastern capitalists are reported to have purchased valuable clay properties along the South Fork country. The area comprises 275 acres about twelve miles south of Blairmore. The deal was put through by D. W. Colvin, acting for other Cleveland gentlemen, and the purchase price is around \$75,000. Those who disposed of their interests in the said property include: D. C. Drain, Daniel Dra, J. Angus McDonald, J. B. Reuter, C. F. Sedgwick; W. T. Eddy and Rod McDonald. It is proposed to run motor trucks loaded with fire brick from the South Fork factory to a point near Burmis, where the valuable product of the new plant will be loaded for market. Employment will be assured for hundreds of workmen.

Peter Gregori, a miner employed at Police Flats, was instantly killed by a train near Passburg on Wednesday. Gregori was twenty years of age and is survived by his parents, living at Passburg.

It is reported that a huge brick and tile plant will be established in Coleman, shortly.

Large numbers of Coleman folks attended the big dance given in the opera house here on Monday night by the Gentlemen of Blairmore.

Coleman school re-opened on Monday with the following five teachers: Principal J. C. Jennings, Vice-Principal L. W. Lockhart, Miss McArthur from Didsbury, Miss Ball from Montana and Miss Smith from Toronto.

The Frank senior hockey team defeated Fernie 7 to 6 in a well-attended game on New Year's Day.

Constable Meade has been transferred from Lundbreck to Macleod, where for a time he will act as stenographer for Supt. Primrose. We understand that the constable is shortly to be promoted.

Mrs. A. I. Blais, accompanied by her two sons, Harold and Archie, left Frank last Wednesday to visit her home in Ontario, and will be away about two months.

Rev. W. T. Young, of the Methodist church, Frank, is conducting revival services at Carnagay this week, and the pulpit of Knox Methodist

church will be occupied by Rev. A. Lytle, of Lethbridge, on Sunday next.

Tom Chambers appeared in police court at Frank on Thursday, charged, with having assaulted Sam Shane on Christmas Day and Chris Tompkins on Christmas Eve. He pleaded guilty and was fined ten and costs in one instance and two and costs in the other. Justice Graham presided. L. H. Putnam for defence, H. C. Moore for prosecution.

John Gaskill Smith has returned from a two weeks' visit with friend at Dauphin, Manitoba.

Bob Bartlett came up from Macleod on Sunday and spent the early part of the week with friends here.

The public school re-opened on Wednesday. Miss Edna M. Fulton, formerly of the Coleman staff, has been added to the staff here.

The large safe for the branch of the Royal Bank of Canada, which is being established here, arrived the early part of the week and has been placed in position in the Ede Block. Mr. Tait, the manager of the new bank, will arrive in a few days.

Mrs. Arthur Shearer, of Bellevue is visiting in Vancouver.

The marriage of Miss Catherine Hart, of Bellevue, to Pte. Carl Fuleker, of the R.N.W.M.P., took place at Lethbridge on Saturday.

The "Sherrah" gave an entertainment in the Socialist hall at Bellevue on New Year's night.

The medals for the champions of the Crow's Nest Pass Hockey League have arrived at Bellevue. Also the Mutt cup. Presentation has already been made.

WHAT IS A FRIEND?

What is a friend? I will tell you. It is a person with whom you dare to be yourself. Your soul can go naked with him. He seems to ask of you to put on nothing, only to be what you are. He does not want you to be better or worse. When you are with him you feel as a prisoner feels who has been declared innocent. You do not have to be on your guard. You can say what you think, so long as it is genuinely you. He understands those contradictions in your nature that lead others to misjudge you. With him you breathe free. You can avow your little vanities and envies and hates and vicious sparks, your meanness and absurdities, and in opening them up to him they are lost, dissolved on the white ocean of his loyalty. He understands. You do not have to be careful. You can abuse him, neglect him, tolerate him. Best of all, you can keep still with him. It makes no matter. He likes you. He is like fire that purges all you do. He is like water that cleanses all you say. He is like wine that warms you to the bone. He understands, he understands. You can weep with him, laugh with him, sin with him, pray with him. Through and underneath it all he sees, knows and loves you. A friend, I repeat, is one with whom you dare to be yourself.—Anon.

How's Business?

"Business is as good as we make it" is the answer of business leaders. And it is worth while to note that most big businesses owe much of their success and prestige to the steady use of Advertising.

ADVERTISING in "The Enterprise" would help you promote your business. It would attract new customers, retain the goodwill of old ones and increase public confidence in your store and service.

ADVERTISING is simply salesmanship in the mass. It is an efficient, low-priced salesman. Investigate its merits.

PROGRESSIVE MERCHANTS ADVERTISE

Issued by Canadian Weekly Newspapers Association

STATES LIBERAL FISCAL POLICY IS UNCHANGED

Ottawa.—Hon. C. A. Dunning, Minister of Railways, laid the tariff policy of the Government before the House. The Minister of Finance, he declared, authorized him to say the Liberal fiscal policy was unchanged.

"We shall," Mr. Dunning said, "move forward cautiously with the aid of knowledge of the facts secured by the tariff advisory board toward the goal of making our tariff structure bear as lightly as possible on production industry and the people generally, having always in view the greater prosperity of all the legitimate industries of Canada."

"The tariff must be made to serve the best interests of the Canadian people as a whole. It must be adjusted from time to time to meet the needs, not of one class or group of industry alone, but of our whole economic structure. This does not mean tariff tinkering, so-called, but does mean a continued expert examination and adjustment wherever warranted by the facts as revealed."

A suggestion by E. J. Garland, U.F.A., Bow River, that there was an understanding between the two chief political parties brought protests of "No, no" from the Liberal benches.

And Mr. Dunning was emphatic in saying there had been no such understanding. Mr. Dunning also had a sharp exchange with J. A. Glen (Liberal-Progressive, Marquette), who, earlier in the debate, was critical of the Government's tariff policy. Mr. Glen asked a question regarding the declaration by Mr. Dunning. The Minister replied that an attempt was made last year to put a pistol at the head of the Minister of Finance and members knew with what result. Those who tried the same feat, would meet with the same result.

Mr. Glen, protesting, declared he had put no pistol at the head of the Government, but had merely put a question as to its tariff policy. In reply, Mr. Dunning again read his declaration to the House and added: "If my honorable friend is still suspicious after that statement, I must leave him with his suspicions."

Millions for Wheat Growers

Important Future for Garnet Wheat Predicted by Dominion Cerealist

Ottawa.—A gain of millions of dollars to wheat growers with the extension of the wheat line further north than ever before, the possible cultivation of millions of acres in certain districts through the discovery of Garnet wheat, is forecast in a bulletin on Garnet wheat which has just been issued by L. H. Newman, chief Dominion cerealist at the Central Experimental Farm here.

Garnet wheat which is a hard, red spring wheat like the famous Marquis wheat, is a discovery of the Central Experimental Farm and the bulletin has been issued so that the wheat growers may know how this new wheat is to be raised.

The sunnier climate upon the behaviour of Garnet with other varieties of wheat on western experimental farms, and shows that the new wheat will ripen from five to 10 days earlier than even Marquis wheat. This means that the area on which wheat may be grown will be extended very much farther North than ever before.

Cut Cattle Rates

Ottawa.—Word has been received here that the Reford Line and the Canadian Government Merchant Marine have cut the Atlantic rate on cattle from \$20 to \$15 per head. No information has yet been received as to a similar cut by other lines.

Suggest Conference on Old Age Pensions

Matter Was Recently Brought Before Alberta Legislature

Edmonton.—Old age pensions came before the Alberta Legislature following the introduction of a motion by J. W. Brownlee, Liberal leader, that the Government should introduce at the present session an old age pension bill and an amendment by A. A. McMillan, Conservative leader, that the question be discontinued at the present session, and if thought fit, that a bill be introduced as soon as federal legislation upon this subject has been enacted by the Dominion Parliament.

Premier Brownlee adjourned the debate with a view to the bringing in of a compromise amendment on which all those opposed to the motion might agree.

Premier Brownlee thought that even if the federal House decided to adopt a principle of 100 per cent. liability for payment of old age pensions, nobody would seriously challenge the legislation. If a conference were held, he suggested, it might be possible in case the federal Government refused to accept 100 per cent. liability, that it would undertake twenty-five per cent. of the cost, and the other 75 per cent. the Ontario House might lower the pension age to 65, which would bring Alberta's share of the burden to possibly \$600,000 a year.

To Protect Shareholders

Shareholders of Saskatchewan Co-operative Elevator Co. to Benefit

Regina.—Shareholders of the Saskatchewan Co-operative Elevator Company will receive \$155.78 for every 1911-12 share for which they originally paid \$7.50. If the bill providing for the winding up of the company passes the Legislature in its present form. In other words, a shareholder holding the limit of 20 of these shares will receive \$3115.60 for them on the pro rata method of distribution proposed in the bill.

Shares issued in succeeding years will be worth proportionately less, the last shares issued being worth \$27.87 under the provisions of the bill. The difference is accounted for by the fact that the shares issued in different years are paid up in varying amounts ranging from \$12.50 for the 1911-12 shares to \$7.50 for the last issue, stock bonuses accounting for the difference in the paid up value.

"Speculators" who planned to "make a clean-up" on these shares will be out of luck if the bill can prevent it. Premier Gardiner declared, making it clear that the government desired to protect not only the delegates attending the annual meeting of the Hudson's Bay Railway with the South lines of the Canadian National Railway company next week, but the thousands of shareholders remaining in the country.

Time Limit for Tourists

Automobiles Entering Canada From South May Now Stay for Sixty Days

Ottawa.—Permits for automobiles driven by tourists entering Canada have been extended from thirty to sixty days, according to an announcement by Hon. W. D. Euler, minister of customs and excise.

In the past, American tourists entering Canada were permitted to drive their cars in this country for thirty days without payment of fees. This period has now been extended to sixty days with the option of an extension to ninety days under certain restrictions.

It is understood that tourists wishing to remain the full limit of time will be required to present identification and credentials from authorized motor clubs or similar organizations. For some years past provincial governments, Canadian automobile clubs and organizations interested in the tourist traffic generally have been seeking to have the thirty-day restriction widened.

Would Aid Boy Scouts

Ottawa.—Suggested that some portion of the 10 per cent. reduction in income tax, provided for by the recent budget of Hon. J. A. Robb, minister of finance, should be paid by each income taxpayer to the Boy Scouts Association. His Excellency Viscount Willingdon made an earnest plea for financial support to the association at a largely attended luncheon here. His Excellency said he spoke as Chief Scout for Canada and "chief bogger on behalf of the Ottawa Association."

Russian Refugees Fighting in China

Vanguard of Chang's Army Suffer Many Casualties

Shanghai.—Six thousand "white" Russians, vanguard of Chang Chang Chang's army, defeated forces of Wei Pei in Honan province in a battle in which the Chang forces alone suffered 3,000 casualties.

The Russians, believed to be refugees who fled to China to escape the Bolsheviks in their own country, are fighting with Chang's army in its attempt to force its way through the territory of the inactive Wu so it can attack the Cantowese forces in the south.

Will Settle Legality of General Strikes

Job for Government Not Judge, Says Earl Birkenhead

Liverpool.—The broad intentions of the Government's legislation to be introduced restricting the privileges of trade unions were indicated by Earl Birkenhead, secretary for India, in the course of his address here. "We do not think it proper to leave the legality or illegality of a general strike to depend upon the expression of opinion of a judge, however distinguished he may be," he said. "We intend that it should be laid down by the authority of that parliament which was challenged, that now and hereafter that weapon is forbidden, and has become criminal."

MANY BRANCH LINES PROJECTED FOR THE WEST

Ottawa.—Hon. Charles A. Dunning, Minister of Railways and Canals, has given notice of his intention of submitting to Parliament for its approval at the present session, a program of construction work suggested by the management of the Canadian National Railways and their board of directors. Parliament is to be asked to authorize the Canadian National Railways to proceed with the construction, during the next three years, of 470.2 miles of railway. The proposals are divided into three groups:

1.—Lines which offer economic and operating advantages to the system.
2.—Branches for the purposes of general development and colonization of the country which will constitute feeders to the system.
3.—A branch which will link the Hudson's Bay Railway with the South lines of the Canadian National Railways system.

The cost of these new lines, which are to be completed by August 31, 1930, will be \$19,120,000 and the program has been submitted, after exhaustive consideration of the requirements of the National system.

About 50 per cent. of this railway building program will be in Saskatchewan, an analysis of these figures show. This is entirely apart from the extension program of the Canadian Pacific Railway.

The railway management states that it may be found desirable to ask at some time during the next three years for one or two extensions, as a result of developments not fully foreseen at this time.

The railway executive also has expressed their satisfaction at the results obtained from the new lines which Parliament sanctioned in 1924.

BRITAIN SENDS STRONG NOTE TO RUSSIAN SOVIETS

London.—The rising tide of British feeling against Communist propaganda and the unsatisfactory relations between the British Government and the Russian Soviets have culminated in a stern warning drafted by Sir Austen Chamberlain to the Soviet Government against the "continuous breach of solemn engagements" between the two Governments and also the wide-spread Bolshevik propaganda.

The warning was in the form of a diplomatic note, declaring as the gravest terms that the Anglo-Russian trade agreement would be abrogated, even diplomatic relations completely severed, unless "the flagrant violations of the solemn agreement between the two countries cease."

The note, addressed to M. Rosenkov, Soviet representative in London, is the strongest of the numerous protests sent to Russia since the trade agreement was signed in March, 1921, and is one of the most outspoken diplomatic documents ever issued from Downing Street.

The first heavy clouds on the Anglo-Russian horizon came in 1924 with the famous Zinoviev letter which was one of the main causes of the downfall of the MacDonald Labor Government.

Moscow gold—a million sterling of it—contributed to aid the British workers to strike last year, which the London Government considered a revolutionary movement further darkened the skies as have recent events in China, where the British are convinced Bolshevik agents caused the Chinese to single out the British as their arch-enemies among the hated foreigners.

Grain Shipped Cheapest Route

Western Growers Have No Preference as to Ports

Halifax.—M. Snow, member of the Dominion Grain Commission, and one of a delegation of Western grain men who inspected the elevator facilities at this port, states that no great movement of grain through Halifax can be anticipated pending additional terminal equipment.

Mr. Snow continued western grain growers and shippers had no preference as to ports. They were primarily interested in economy and Halifax, Saint John and Portland looked all the same to them.

Grain would follow the cheapest route and by way of illustration he pointed out that United States grain was shipped through the port of Montreal when that port offered the lowest rates available.

Addressed Large Audience

New York.—The voice of President Coolidge in eulogy on George Washington was carried by radio to countless millions throughout the world—the largest audience ever addressed by man. Mr. Coolidge's voice was broadcast throughout the country by a look-up of 42 stations and to broadcast in Europe, London, Paris and Berlin listened in and reports were that reception was unusually clear.

Petition for Resources

Ottawa.—A petition bearing 3,500 names asking for the return to Alberta of its natural resources "without restriction" was tabled in the House of Commons by H. C. Hocken, Conservative, Toronto West Centre.

Young Journalists Will Attend Meeting

One Thousand Expected at New York's International Gathering

New York.—More than 1,000 boys and girls editors ranging in age from 12 to 18 years and representing school publications in 45 states, Canada, Alaska, Hawaii and the canal zone are expected to attend the third annual convention of the Columbia Scholastic Press Association here March 11 and 12. The student journalists have submitted their publications in a competition for 13 silver loving cups and certificates of honor.

Papers written and edited by kindergarten children will be entered in a feature contest. Foreign language papers, prepared by American students and trade journals will also be entered in the contest. The publications to be represented at the convention run into hundreds and are of many different types.

Found Guilty of Arson

Six Kiev Firemen Including Chief Will Be Executed

Kiev, Ukraine.—Severe sentences have been passed on ten firemen found guilty of arson. Six of them, including the chief, will be shot, two were sentenced to ten years' solitary confinement and the other two must serve five years in prison. The chief pleaded that the men set the fire fearing they would lose their positions because of a long period of inactivity.

The members of the fire brigade were arrested several days after they had been commended for heroism and skill in fighting fires in the Trade Union Club of Kiev, and the headquarters of a navigation company. It was charged by the police that they deliberately set the buildings ablaze for excitement.

Ambassadors Deny Rumors

England Has Not Given Italy Free Hand Against Turkey

Constantinople.—Rumors that England had granted Italy a free hand against Turkey as compensation for Italian co-operation in China, created public opinion here that the Italian and British ambassadors, to day issued public denials.

Deputy Mahmood Bey, chief spokesman for President Mustafa Kemal Pasha, accused the idea of Italian aggression, but stressed the fact that the reinforced Turkish army is prepared for any eventuality.

ANGLO-AMERICAN AMITY STRESSED BY HON. MASSEY

New York.—"To strengthen the bonds of sympathy between His Majesty's oldest Dominion and the Government and people of your great Republic."

Thus Hon. Vincent Massey summed up his mission to the United States in a speech before the Philistine Society here. It was his first public address in the United States since he assumed office as Canada's minister to Washington.

Mr. Massey paid tribute to the friendliness of Washington extended by President Coolidge, the members of his cabinet and the citizens of the capital generally. He assured his hearers that Hon. W. S. Phillips, newly appointed minister from the United States to Canada, would find genuine welcome awaiting him in Ottawa. He went on to speak of the "noble contributions which the Philistine Society has made to the cause of strengthening the friendship which exists, and must ever exist, between the people of the United States and of the British Empire."

"Canadians," he added, "are on the same high-pilgrimage of international amity and goodwill. We feel that we know you who live just across our border and can understand in some measure and appreciate the intricate and fascinating pattern which modern American life presents. On the other hand, we have, too, a first hand knowledge of and an abiding affection for the great mother nation whose language has been placed upon our lips and situations and our modern life."

"Inheritors of a common language and a common basis for art and literature, the United States and British peoples probably always will be found shoulder to shoulder in any crisis which threatens society," Mr. Massey said.

"National characteristics," he added, "are not an obstacle to international amity. They give color to life of a world whose state is becoming a unity in diversity is a key to Anglo-American relations."

BRITISH CRUISER FOR PROTECTION IN NICARAGUA

London.—The order issued by the British Government for the light cruiser Colombo to proceed to Nicaragua has attracted but slight attention from the average Britisher, while the press and officials say the despatch of the vessel offers no infringement of the Monroe Doctrine. The British Foreign Office holds that the present order to the Colombo does not affect the Monroe Doctrine, and that the Colombo is going to Nicaragua merely as a refuge for British nationals. The Colombo was said to be instructed to stand off Bluefields, without sending a landing party ashore, and to keep in readiness to take on British subjects in case their lives are endangered by the civil warfare now in progress.

The official emphasized that the Colombo was not ordered to Nicaragua until the United States Minister indicated he was unable to give further assurance of American protection of foreign lives and property. The British nationals in Nicaragua number 290 odd, and represent \$2,500,000 in investments.

Street fighting during the recent battle at Chinandega was said to have resulted in damage to the extent of \$10,000 to British property.

Twelve Battalions Under Orders

But Number of British Troops for China Is Unknown

London.—Doubt exists regarding the strength of the British forces which should be arriving in Chinese waters in the course of the next few weeks. In some quarters it is put as high as 16,000, in others as considerably under 10,000, but "Twelve Thousand Troops for China" figured on the British. The twelve battalions which are under orders, under the command of Major-General John Duncan, will embark 550 men each, or about 10,000 in all.

In addition, there are a thousand marines and the armored car troops, as well as the naval ratings. The Indian brigade consists of two British regiments and two regiments of Punjab. General Duncan will be independent of either of the two British divisions, but the Chinese, He has left for Shanghai and his troops will follow as transports become available. They will be known as the Shanghai Defence Force.

Is Champion Dog Musher

Quebec.—Emil St. Godard, The Pex. Man, finished the race in the Quebec International dog derby in three hours 55 minutes and 15 seconds. His total elapsed time for the three days of racing was 11 hours, 37 minutes and 25 seconds, which makes him the race and title of champion dog musher of the North American continent and of the world.

Australia's Wheat Crop Larger

London.—Sir Joseph Cook, High Commissioner for Australia, has announced the annual meeting of the Australian Chamber of Commerce that Australia is expecting a much larger wheat crop than last year. He estimated the present crop at 165,000,000 bushels, of which 120,000,000 would be available for export.

Ask Accord on War Debts

Paris.—France is asking Great Britain and the United States for provisional accords on the war debts, Premier Poincaré told the Chamber of Deputies. The accords, he added, would not be submitted to Parliament for ratification, the government alone being responsible.

Mail Planes Burned

Kansas City.—Fire destroyed a hanger at Richards Field, near here, containing four air mail planes. The planes were owned by the National Air Transport, Inc., which holds the Chicago, Dallas line contract. The damage was estimated at more than \$100,000.

U.S. Miners May Strike

Washington.—While there remains the possibility that the soft coal and iron ore operators of the country will reach an agreement at a later conference, the break up of the Miami meeting is looked upon here as practically assuring a strike April 1.

Celebrate Red Army Anniversary

Moscow.—The ninth anniversary of establishment of the Red army was observed throughout Russia, Feb. 23. The newspapers carry articles by leading Soviet authorities which emphasized the preparedness of the army to meet all eventualities.

WIT AND HUMOR

Porky says that two eyebrows to two constitute a draw.

There's only one thing a wife will admit she doesn't know, and that's why she married her husband!

Love is a fishing rod. Woman is the line. Marriage is the hook. Fate does the casting and man is just a poor fish.

Doctor—"My friend, you are suffering from a chronic complaint."

Patient—"I know it, but please lower your voice; she's in the next room."

Driver (to sweet young thing)—"I can see that I'm only a pebble in your life."

Sweet Young Thing—"That's all; but I wish you were a little boulder!"

"Now," said the school principal, "give me a definition of space."

Richard stood up, flustered and red. "Space," he replied, "is where there is nothing. I—I can't explain it, exactly, but I have it in my head alright."

Restaurant Manager (to orchestra conductor): "I wish you'd display a little more tact in choosing the music. We've got the National Association of Umbrella Manufacturers here this evening, and you've just played, 'It Ain't Gonna Rain No More!'"

Bright eyes, swooping lies, she neatly parried,
Nifty sheik, pretty peach, got married.
High winds on love's voyage amid uncharted rocks,
Crash hard aground, she couldn't darn his socks.

Begorrah, says Sweeney, I'll tell ye no lies,
Me dog and I, we'll bring back pleasant pies.

The Cocks, be jabers, weren't taking a chance
Of missing their Mrs. in the spring mating dance.

Pass The Collection First
"Am dere, anybody in de congregation what wishes prayers for der fall-in's?" asked the colored minister.
"Yassuh," Brudder Jones responded. "Ah's a sponthrif' an' Ah throws mah money round reckess like."
"Very well. We will join in prayer to Brudder Jones—jes' after de collection plate has passed."

Tot-Tot
If a Hottentot tot taught a Hottentot to talk e'er the tot could totter, ought the Hottentot tot to be taught to say aught, or naught, or what ought to be taught her?

If to host and to tot a Hottentot tot to be taught by a Hottentot tutor, should the tutor get hot if the Hottentot tot hot and tot at the Hottentot tutor?

A bachelor who is continually "putting his foot in it" visited the proud parents of a new baby boy. The mother held up the bundle for inspection and asked gaily:

"Tell us frankly, which of us you think he is like?"

After a careful examination of the baby, the bachelor replied:
"Well, of course, he's not very intelligent looking, but he's wonderfully like both of you."

Honesty
Mark Twain was called upon to speak at a club, and took for his subject, "Honesty."

He said that when he was a boy at home he once saw a cart of melons. He was a boy and tempted; besides, he liked melons.

"I sneaked up to the cart," said Mark, "and stole a melon. I went into the alley to devour it. But—I did no sooner set my teeth into it than I paused; a strange feeling came over me. I came to a quick conclusion. Firmly, I walked up to the cart, replaced the melon and took a ripe one!"

CANADIANS OBJECT TO DUMPING OF SHOES

WINNIPEG, Feb. 16.—Shoes manufactured in Chicago are imported into Canada at much less than the price for which they sell in their home market, Cyril Knowles, assistant inspector of the Canadian customs and excise preventive service, testified before the royal customs commission here today.

Examined by R. L. Calder, counsel for the commission, Mr. Knowles said that shoes sold in Chicago for \$4.25 were sold to firms in Winnipeg at \$2.25. Again, shoes sold for \$3.75 in Chicago brought \$1.75 in Winnipeg.

W. H. Wright, one of the commissioners, suggested the anti-dumping clause should be applied. Mr. Calder agreed to this, but said he proposed to submit that action be taken to recover the amounts outstanding in connection with these undervaluations.

Mr. Knowles stated that, in connection with one firm alone, the amount recoverable, on a ruling from the department, was \$124,113.

In Fierne the by-law recently enacted, by which public dances were supposed to close promptly at one o'clock, has been repealed. The mayor or gave out a statement to the effect that while he considered it a step in the right direction, it was found to be unworkable, as means were found for getting round the provisions of the statute. Public dances, for which an admission was charged, were continued as such till the closing hour, and then treated as private dances, thus evading the spirit of the statute.
